**Brac University**

Semester: Fall 2025

Course Code: CSE430

Digital Signal Processing

Faculty: EHQ

Assessment: *Quiz 1*

Duration: 20 minutes

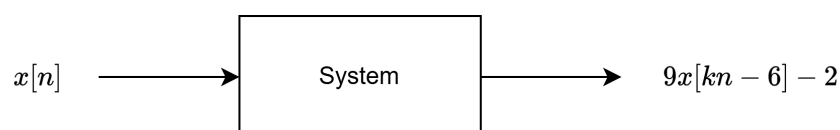

Date: October 28, 2025

Full Marks : 20

$$k = \text{mod}(\text{student ID}, 6) + 1$$

■ Question 1 of 2 [10 marks]

Implement the system using fundamental blocks - time scaling, time shifting, amplitude scaling and amplitude shifting.

■ Question 2 of 2 [10 marks]

Draw the output of the provided system. Also figure out the output as functions of the inputs.
