

CSE420: Compiler Design

Self Study Assignment 02

Deadline: 1st Class after Mid Term

Note: Must include cover page with name, id and section

For the given CLR(1) Grammar, compute the LR(1) automaton, create the parsing table from the automaton and finally show that the following string is parsable by the given grammar using parsing simulation.

Grammar G:

$E \rightarrow FF$

$F \rightarrow pF$

$F \rightarrow q$

String: pppppq
